When I came to you, brothers, I did not come with eloquence or superior wisdom as I proclaimed to you the testimony about God. For I resolved to know nothing while I was with you except Jesus Christ and him crucified. I came to you in weakness and fear, and with much trembling. My message and my preaching were not with wise and persuasive words, but with a demonstration of the Spirit's power, so that your faith might not rest on men's wisdom, but on God's power.

- The Apostle Paul (1 Corinthians 2:1-5 NIV)

THE COLLEGE

STATEMENT OF BELIEF

Nazarene Bible College, an institution of the Church of the Nazarene, teaches and adheres to the statement of belief as found in the *Manual* of the Church of the Nazarene.

We believe:

1. In one God – the Father, Son, and Holy Spirit.
2. That the Old and New Testament Scriptures, given by plenary inspiration, contain all truth necessary to faith and Christian living.
3. That man is born with a fallen nature and is, therefore, inclined to evil, and that continually.
4. That the finally impenitent are hopelessly and eternally lost.
5. That the atonement through Jesus Christ is for the whole human race; and that whosoever repents and believes on the Lord Jesus Christ is justified and regenerated and saved from the dominion of sin.
6. That believers are to be sanctified wholly, subsequent to regeneration, through faith in the Lord Jesus Christ.
7. That the Holy Spirit bears witness to the new birth, and also to the entire sanctification of believers.
8. That our Lord will return, the dead will be raised, and the final judgment will take place.

HISTORY

The General Assembly of the Church of the Nazarene, in session at Portland, Oregon, in June of 1964, authorized the opening of Nazarene Bible College during the following quadrennium. A board of trustees was elected, and Dr. Charles H. Strickland was chosen as the first president. In the providence of God, Colorado Springs was chosen as the site.

The college opened in September of 1967 in facilities provided by First Church of the Nazarene. New buildings at the permanent location were occupied by the end of the first school year, and the new campus was dedicated in October of 1968. Dr. L. S. Oliver, chosen in 1972 to succeed Dr. Strickland as president, served until 1984 when Dr. Jerry D. Lambert was elected. In 1994, Dr. Hiram E. Sanders was elected fourth president of Nazarene Bible College when Dr. Lambert assumed the responsibilities of Commissioner of Education.

PURPOSE AND MISSION

Nazarene Bible College has a unique place in the worldwide constellation of ministerial training institutions of the Church of the Nazarene. The General Assembly of the Church of the Nazarene mandated the founding of Nazarene Bible College and continues to sponsor it for the specific purpose of providing undergraduate ministerial preparation. The Church of the Nazarene in the United States is the focus of Nazarene Bible College with a primary campus in Colorado Springs.

Nazarene Bible College exists to glorify Jesus Christ as Lord by preparing adults to evangelize, disciple, and minister to the world.

Nazarene Bible College is an undergraduate, professional school of ministry. As a learning community, it is committed to academic and practical programs designed to prepare the whole person for ministry in contemporary society. The college offers baccalaureate and associate degree programs in pastoral ministries, Christian counseling, Christian educational ministries, music ministries, and lay ministries. The academic preparation is undergirded by a variety of student development strategies and programs.

Nazarene Bible College affirms the Bible as the test for truth and believes the Christian Scriptures are the cornerstone for the Wesleyan-Arminian understanding of God's redemptive plan for humankind. The college especially emphasizes the biblical doctrine of entire sanctification and living a holy, Christ-like life.

PHILOSOPHY

Nazarene Bible College is committed to a distinctly Christian philosophy of education. All truth is a unit which has its origin and source in God. God has revealed himself in nature, in the Bible, and supremely in Jesus Christ. The Bible is authoritative. All truth will be in harmony with the revelation given to man in the Scriptures. The truth that sets men free in mind and heart is to be found in Jesus Christ.

God has endowed mankind with spiritual, mental, social, and physical capacities which can be fully developed only within a personal, redemptive relationship to Christ and the voluntary acceptance of the divine will in life.

Emphasis is placed on the spiritual growth of the student in order to achieve the harmonious development of his or her physical, mental, and social potential. The development of moral character should go hand in hand with intellectual attainment. In keeping with the special nature of the college, programs are both practical and theoretical, all within a proper and sound biblical-theological context. It is assumed that for many of its students, training at Nazarene Bible College will be terminal insofar as formal education is concerned.

OBJECTIVES OF THE COLLEGE

Nazarene Bible College faculty and administrators commit themselves to equipping each student to become a Christian witness and servant-leader who will:

- Acquire and integrate an understanding of the content and meaning of Scripture.
- Live and communicate a life of Christian holiness.
- Cultivate Christian character through a devoted relationship with Christ and through personal application of Scripture.
- Understand and demonstrate a biblically-formed world view.
- Apply critical thinking skills in an increasingly pluralistic world.
- Interact effectively with diverse cultures.
- Communicate through attentive listening, persuasive preaching, and effective writing, as well as through compassionate behavior.
- Demonstrate insightful interpretive skills for lifelong biblical exposition.
- Edify, educate, and equip Christians for service.
- Lead constructively and creatively within the local church.
- Minister effectively within the context of modern society and contemporary technology.
- Develop Christ-like relationships with all persons.
- Seek to glorify God through a mature understanding of personhood—spiritually, emotionally, physically, mentally, and socially.
- Continue a pattern of lifelong learning to fulfill the ministry to which God has called.
- Embrace and inspire a vision of global evangelism.

GOVERNANCE

Nazarene Bible College is an educational institution of the Church of the Nazarene. Its role is determined by the denomination through its official representatives, and the college is directly regulated by a board of trustees elected by the General Assembly of the church for a four-year term.

The board of trustees consists of the president of the college and three members from each educational region within the continental United States. Of these members, there is one district superintendent elected from each region and sixteen other members elected at large, of which eight are laypersons and eight are pastors. Where no representatives from the Native American, Hispanic, or African-American communities have been elected by the General Assembly, the Division of Church Growth selects a representative to the board from each community.

THE COLLEGE LOCATION

The 62-acre campus is located on a hill northeast of Academy and Fountain Boulevards in Colorado Springs, a city of more than 500,000 situated on the eastern slopes of the Rocky Mountains and rated one of the five most beautiful cities in the USA. Colorado Springs is the home of several military installations: the United States Air Force Academy, the North American Air Defense Command (NORAD), Peterson Air Force Base, Schriever Air Force Base, and Fort Carson.

Over 70 Christian organizations have headquarters in Colorado Springs including Navigators, Young Life, International Students, Compassion International, Christian Booksellers Association, Focus on the Family, International Bible Society, and the Christian and Missionary Alliance Church.

Thirteen Nazarene churches serve the people of this area and provide opportunities for Christian service.

STUDENT SERVICES

STUDENT SERVICES

Nazarene Bible College was founded for the specific purpose of training persons for Christian ministries in the Church of the Nazarene. Special emphasis is given to spiritual values, spiritual formation, and ministerial skill development.

Regarding the ministry and the minister, the *Manual* of the Church of the Nazarene states:

The Church of the Nazarene recognizes and insists that all believers have committed to them a dispensation of the gospel that they are to minister to all people. We also recognize and hold that the Head of the Church calls some men and women to the more official and public work of the ministry....

When the church discovers this divine call, the proper steps should be taken for its recognition and endorsement, and all suitable help should be given to open the way for the candidate to enter the ministry....

The perpetuity and the efficiency of the Church of the Nazarene depend largely upon the spiritual qualifications, the character, and the manner of life of its ministers.

The minister of Christ is to be in all things a pattern to the flock....

The minister of the gospel in the Church of the Nazarene must have peace with God through our Lord Jesus Christ, and be sanctified wholly by the baptism with the Holy Spirit. The minister must have a deep sense of the fact that souls for whom Christ died are perishing, and that he or she is called of God to proclaim or make known to them the glad tidings of salvation.

The minister must likewise have a deep sense of the necessity of believers going on to perfection and developing the Christian graces in practical living . . . must have a strong appreciation of both salvation and Christian ethics.

The minister must have gifts, as well as graces, for the work. He or she will have a thirst for knowledge, especially of the Word of God, and must have sound judgment, good understanding, and clear views concerning the plan of redemption and salvation as revealed in the Scriptures (Par. 400-401.4, pp. 164-165, 1997-2001).

All persons desiring to serve the Church of the Nazarene as ordained ministers, ministers of Christian education, or ministers of music, must be examined by the District Ministerial Credentials Board. This board will carefully inquire of each candidate as to his or her personal experience of salvation, experience of entire sanctification by the baptism of the Holy Spirit, knowledge of biblical doctrines, intellectual, moral, and spiritual qualifications, and general fitness for the ministry to which the candidate feels called. The college seeks through various means to guide students in the achievement of these goals.

STUDENT SPIRITUAL DEVELOPMENT

There are various spiritual development components of biblical knowledge, faith formation, and mentoring offered through chapel, classroom experience, and faculty interaction. In addition, the college and Christian community provide many other opportunities for the student to develop his or her inner life.

Chapel

The chapel services of the college are planned for worship, inspiration, and instruction. Throughout the academic year, chapel speakers, chosen as Christian ministry models, include church leaders, pastors, community resource persons, faculty members, students, and college administrative leaders. This common experience of worship shared by students, faculty, and administration forms one of the abiding strengths of the Nazarene Bible College experience. Chapel services are held each week in both the day and night sessions.

Local Churches

Thirteen Churches of the Nazarene in Colorado Springs minister to students and their families. The pastors serve as shepherds, spiritual advisors, and ministerial models to students. These churches, varying in size from beginning church plants to a worship attendance of more than 1,000, offer the student many opportunities for service and fellowship. Long, happy relationships exist among the local churches, the college, graduates, and present students. Every student at Nazarene Bible College can find a church home among the Nazarene congregations in the Pikes Peak area.

Nursing and Retirement Home Ministry

Nazarene Bible College offers students significant opportunities to share their faith and care in regular ministries for the lonely, needy people in nursing and retirement homes. This compassionate ministry enriches the lives of both residents and students. This is practical, on-the-job-training for students, while in college, to preach, teach, and extend worship to the community.

Church Planting

Students and faculty are regularly involved in planting Nazarene churches in the Colorado Springs area. Since 1984, in partnership with the Colorado District and local pastors, six churches have been planted. This effort continues as students express a call to begin new works and as opportunities become available.

Clinical Pastoral Education

In the fourth year, a student who has been admitted to an accredited Clinical Pastoral Education (CPE) center may apply to the Academic Council for

permission to earn CPE credit at NBC. This program provides advanced, supervised training in counseling and interpersonal relationships with patients and families.

Directed Ministry Experience

Although the Directed Ministry Experience is an academic requirement in the third year, it is also a personal spiritual development opportunity for students to grow their concepts of ministry and to strengthen their commitment to service. Usually, the interns serve in the local church where they worship during their college years. The Directed Ministry Experience is planned to help each student integrate classroom learning with actual practice of ministry.

Residency

In the fourth year, a student may apply to the academic council for permission to serve as a staff member in an approved local church. This program is intended to be an in-depth, actual ministry experience and is different from the internship, which deals primarily with issues of integration of theory and practice of ministry.

ADMINISTRATIVE SERVICES

Faculty members and administrators have an open-door policy toward all students for encouragement, prayer, and guidance. The vice president for academic affairs advises students regarding their general educational plans, choice of programs, vocational planning, curriculum problems, difficulties with study, or withdrawals from college. The vice president for enrollment and student development assists students in enrollment and acceptance to the college, with practical matters after the students arrive on campus, and serves as the first contact for the students' personal and spiritual concerns. The vice president for online education and associate academic dean assists Online students regarding enrollment and advises them regarding their Online academic programs. The vice president for finance advises students regarding tuition, expenses, and emergency assistance. The director of financial aid gives guidance relating to veterans assistance, student aid programs, and scholarships. The registrar assists students with class scheduling, credit transfer, and attendance policies. The president of the college is readily available to students.

Counseling Services

Counseling resources are provided to students in a variety of ways. Faculty, administration, and staff seek to be models of Christian care to all students and try to be alert to student needs. The student advisement program provides an academic and pastoral contact between each student and his or her faculty advisor. As needed, students may be referred for professional counseling to Colorado Springs Christian Counseling Services. Appointments to see the vice president for enrollment and student development or the professional staff of Colorado Springs Christian Counseling Services can be made through the student services office. Placement, diagnostic, and psychological testing are available to students and their families.

Food Service

A deli is available in the Bookstore in Williamson Center. Light meal items, drinks and snacks are available during breaks and between classes.

Housing Services

Although the college does not provide dormitories or on-campus housing, a wide variety of housing is available in Colorado Springs. The enrollment and student development office works with community apartment managers and owners in assisting students to secure off-campus housing. Housing opportunities listed in *The Gazette* of Colorado Springs can be accessed on the Internet at www.gazette.com.

Bookstore

A full-service bookstore is located in Williamson Center. Bookstore hours are scheduled to serve the needs of the learning community.

Employment Services

Students who demonstrate flexibility and diligence will find employment in Colorado Springs. The enrollment and student development office maintains a regularly updated list of job openings and principal employers of Nazarene Bible College students. Employment opportunities listed in the classified section of *The Gazette* of Colorado Springs can be accessed on the Internet at www.gazette.com.

Since the securing of both housing and employment is usually dependent upon the student's presence in the city, prospective students are urged to arrive at least two months before the school term begins. If possible, persons licensed in specialized fields such as plumbing, nursing, and teaching should secure Colorado certification before arrival.

Sponsorship Program

Nazarene Bible College provides a sponsorship program to assist incoming students in their transition to Colorado Springs. This program is administered through the enrollment and student development office.

STUDENT ORGANIZATIONS

Associated Student Body

The Associated Student Body annually elects a student council that leads and sponsors a variety of activities. The council is composed of president, secretary, treasurer, vice presidents for religious life, social life, recreational life, and student organizations, and eight representatives from day and night students in the freshman, sophomore, junior, and senior classes.

Missions in Action

Each meeting is planned by female students, women faculty, and faculty wives. Information regarding date, time, and place appears on bulletin boards throughout the campus, in student and faculty campus mailboxes, and by postal service.

Talents in Action

Talents in Action is comprised of students who donate their talents in an exchange service to fellow students. The purpose is to promote within the student body a co-op dealing with students' needs by matching talents through ministry.

The Christian Singles Fellowship provides an organized means to meet the social, emotional, and spiritual needs of single students through planned activities. Membership is open to any unmarried student.

SOCIAL LIFE AND ATHLETICS

An excellent spirit of comradeship and fellowship exists in the Nazarene Bible College family. Numerous events are provided throughout the year to meet the social needs of persons who comprise the learning community.

An active recreational program, promoted under the guidance of the student council, includes tennis, ping pong, basketball, softball, volleyball, and golf.

PUBLICATIONS

The official college yearbook, *High Peaks*, is published annually under the direction of a student editor, yearbook staff, and a faculty advisor.

The *NBCommunicator* is published weekly when school is in session by the office of the vice president for student services to keep students and faculty informed of current announcements.

The student publication, *Voice and Vision*, is published by the student body to address current campus issues.

However, if a student does not want this information released, he or she must notify the registrar's office in writing. ACADEMIC POLICY

Nazarene Bible College, a professional ministerial preparation school on the undergraduate level, offers two degrees: the Bachelor of Arts in Ministry degree and the Associate of Arts in Lay Ministries degree. The Bachelor of Arts in Ministry (BAMin) has major areas in Pastoral Ministries, Christian Educational Ministries, Music Ministries, and Christian Counseling. The Associate of Arts in Lay Ministries (AALM) has concentrations in Biblical Studies, Christian Educational Ministries, and Women's Ministries. The Bible and ministry to the world through the church form the foundation of every course. The degree programs prepare students for effective ministry in contemporary settings.

ADMISSION AND ENROLLMENT

Prospective students should secure an application packet from the office of enrollment and student development and file the following with that office:

1. **Application** - application form and fee of \$20. Both should be mailed at least 30 days prior to registration.
2. **Testimony** - student's Christian experience and reasons for wanting to attend Nazarene Bible College.
3. **Transcripts** - official high school transcript and/or official transcripts of studies completed at other colleges. It is the applicant's responsibility to see that these are mailed directly to Nazarene Bible College by the issuing school. Applicants who have not graduated from high school must successfully complete the General Educational Development (GED) exam before admission. Special consideration is given to students who complete their secondary education through home schooling. Home schooled students who have completed their education may present a GED or acceptable SAT or ACT test scores. Special consideration will also be given to high school students who have completed their sophomore year and have a letter from their high school guidance counselor indicating their ability to take college courses and a letter of permission from their parents. Please contact the NBC Admissions Office for details.
4. **Recommendations** - two are needed, one from the applicant's pastor and the other from a friend, teacher or employer. A Nazarene applicant holding a district credential will need an additional recommendation from the district superintendent of the district that issued the credential. (For a senior pastor the recommendation from the district superintendent will replace the one from a pastor.)

RE-ADMISSION AND ENROLLMENT

NBC students who have not enrolled for any courses for over 12 months must re-apply for admission. The following items will be required:

1. A current application. (No fee will be required.)
2. A current Student Update form.

3. Official transcripts from any college attended since last at NBC.
4. A brief testimony highlighting the student's activities since last at NBC.
5. A recommendation from a friend or employer.
6. A recommendation from the student's pastor. If the student holds a district credential, a recommendation from the district superintendent will also be required. If the student is a senior pastor, the recommendation from the District Superintendent will be sufficient.
7. Students must have any "holds" removed before they will be re-admitted to NBC.

ADMISSION STATUS

Conditional acceptance may be available to persons with exceptional circumstances. Students will only be allowed to take classes for one trimester with a conditional acceptance. Contact the vice president for enrollment and student development for further information.

Because admission is a privilege, rather than a right, the college can request that a student withdraw when reasons warrant such action. Students are responsible for observing all regulations and standards of conduct.

TRANSFER CREDITS

Transfer credit is accepted from accredited educational institutions for subjects appropriate to the curricula of the NBC programs. A student desiring to transfer college credit into a Nazarene Bible College program must have an official transcript mailed directly by the issuing school(s) to the director of admissions or the registrar. In addition to the transcript, it is sometimes necessary to provide catalog, course descriptions, or other documentation from the former college to help in determining the content and applicability of the class. The registrar will evaluate the transcript and award applicable transfer credit(s). Note: Transcript evaluations will not be completed until application has been made to NBC, the appropriate application fee paid, and all transcripts received. Credit will only be considered for "C" grades or above.

Provisional credit may be granted from certain unaccredited institutions. Provisional credit will be fully accepted after an evaluation of the unaccredited institution, evaluation of the coursework for the courses under consideration, and successful completion by the student of 32 semester hours of work at NBC with a minimum 2.0 GPA.

Transfer credit may be accepted for English requirements subject to satisfactory scores on the English Proficiency Examination. No English credit will be accepted for students with proficiency scores below English Department standards. Students entering Nazarene Bible College who have already earned a baccalaureate or higher degree at an accredited institution are not required to complete the English testing requirement.

CATALOG RIGHTS STATEMENT

A student may graduate under the provisions of the *NBC Catalog* published for the year in which she/he graduates or any *NBC Catalog* published for the immediate three academic years prior to his/her graduation. A student may not require the right to graduate under provisions taken from more than one catalog except by agreement with the Academic Dean.

Students entering a baccalaureate or associate of arts degree program before the Fall Semester of 2001 will have the right to complete their existing program provided they do so no later than commencement 2005. This includes the eight degree programs offered prior to this catalog offering. They are: Bachelor of Biblical Studies (BBS); Bachelor of Christian Counseling (BCC); Bachelor of Christian Education (BCE); Bachelor of Church Music (BCM); Associate of Arts in Biblical Studies (AABS); Associate of Arts in Christian Education (AACE); Associate of Arts in Church Music (AACM); and, Associate of Arts in Lay Ministries (AALM).

ADMISSION TO THE CHRISTIAN COUNSELING PROGRAM

Acceptance to the Clinical Year

The Bachelor of Arts in Ministry with a major in Christian Counseling (CC) includes a clinical year of 32 semester hours which culminates in a 200 clock-hour internship. Students who have completed approximately 80 semester hours of previous college work may begin an application process that includes the following requirements: a 3.0 GPA, an autobiographical/goals statement, the Minnesota Multiphasic Personality Inventory (MMPI), educational foundations that include at least 6 semester hours of Bible/theology and 3 semester hours of psychology/behavioral sciences, and an interview with the CC faculty. Acceptance to the clinical year is by decision of the CC faculty. Admission to Nazarene Bible College and completion of previous college work, including any course in the CC core open to NBC students as electives, do not imply acceptance to the clinical year.

Stop-outs and Re-acceptance

Students accepted to the clinical year become a cohort, begin in the fall, and are expected to continue through completion of the CC core at the end of the following summer. Any student desiring to stop out of the clinical year must ask consent of the CC faculty in writing, giving reasons for the request. If, in the judgment of the CC faculty, a stop-out is granted, the faculty will advise the student of any corrective and therapeutic measures to take that will enable her or him to have an opportunity for reconsideration for acceptance to the following clinical year. In order for the student to be reconsidered for acceptance into a later cohort, he or she must petition the academic council and the CC faculty in writing, addressing the issues raised by the CC faculty in its consent and demonstrating ability to finish the clinical year. If accepted, he or she would be expected to complete the

remainder of the 32 hours not finished before the stop-out. A stop-out will be for no more than one academic year, and only one stop-out will be granted a student.

Acceptance to Internship Placement

During the spring trimester of the clinical year, the CC faculty will review each student's progress prior to approval for placement in a summer internship. Internship placements will depend upon satisfactory completion of coursework, positive contributions to group process, and personal readiness for clinical assignment. If, in the judgment of the CC faculty, a student has not demonstrated such readiness, he or she will be denied an internship placement. In such cases, the CC faculty will advise the student of any corrective and therapeutic measure to take that will enable her or him to have an opportunity for reconsideration for internship

Acceptance of Transfer Credits

- 1. Applicants with a bachelor degree from an accredited college who do not want another degree.** The only requirement would be the 32-hour CC core. Though no degree would be granted, a certificate of completion would be awarded.
- 2. Applicants with a bachelor degree from an accredited college who want the Bachelor of Arts in Ministry with a major in Christian Counseling.** Nazarene Bible College reserves the right to evaluate the substance of the degree. Students would be required to complete the 32-hour CC core and any of the remainder of 33 hours of Bible and theology. NBC will accept the previous degree as satisfying 36 hours of the general studies requirements, 12 hours of the professional block, any number of other courses necessary to accomplish the minimum number of electives and any Bible/theology courses toward fulfillment of the required 30 hours of Bible and theology.
- 3. Applicants with 96 hours or more from an accredited college.** Students would follow the policy in 2 above except that the general studies courses taken at a previous college must be equivalent to those of Nazarene Bible College.
- 4. Applicants with less than 96 hours from an accredited college.** Students would transfer in as many electives, Bible and theology courses, and equivalent general studies courses as the standard Nazarene Bible College policy allows. Students would be required to take the 12-hour professional block, complete any remainder of 33 hours of Bible and theology, and complete the 32-hour CC core.

COURSE DELIVERY SYSTEMS

Nazarene Bible College provides preparation for ministry through two important delivery structures - the traditional on-ground classes and an innovative system of Online courses.

On-ground Programs

All degree programs, as well as diploma and certificate programs are offered in the traditional classroom delivery system for students in the Colorado Springs area. This delivery structure has the benefits of a community of scholars, immediate use of library and learning resources, networking with denominational leadership, regular chapel services, face-to-face instructional methods, and other aspects of traditional college life. The on-ground educational experience is the primary and foundational educational structure of Nazarene Bible College.

📖 Online Programs

Degree programs in pastoral ministries and Christian educational ministries, both at the Bachelor of Arts in Ministry degree and Associate of Arts in Lay Ministry degree levels, are offered through *NBC Online*. The college offers a strong schedule of courses in such a cycle that all courses necessary for these degrees are offered each year. Students must have adequate computer equipment and sufficient skills to be able to receive instruction through this medium. This program has equivalent curricula to the on-ground programs and has the benefit of convenience. When appropriate, this *Catalog* will note any differences between the programs in terms of requirements, prices, procedures, policies, etc.

All Online students must complete a two-week software/policy orientation before taking any Online classes. Online students will be limited to one Online course in their first Online session. No student may take more than two Online classes in one session.

CLASS ATTENDANCE

Because a Nazarene Bible College education assumes that significant learning takes place in the classroom, regular class attendance is required. For illness, family emergencies, and/or work-related problems, a student may miss a total of one week in any course without explanation or penalty. Absences beyond this first week will result in the reduction of one grade step (e.g., "B" to "B-") for each equivalence of one week's absence beyond the first week, regardless of reason. Absences less than one week beyond the first week will be penalized at the discretion of the professor. No credit will be given after a student misses more than a total of three weeks of a class. A student may make up an absence by completing extra outside assignments on the basis of two outside hours for each class hour (50 minutes) missed. Make-up assignments are at the discretion of the professor. Make-up work is not allowed beyond the three-week limit.

📖 Attendance Policy for Online Courses

Students are required to participate in the virtual classroom at least five out of seven days each week. For illness, family emergencies, and/or work related problems, a student may miss a total of three days of participation in any course. These absences may result in the loss of points as detailed in the class syllabus. Two missed required days of participation in any given week or four missed required days of participation during the six week course will result in the reduction of one grade step (e.g., "B" to "B-"). No credit will be given after a student misses more than a total of nine required days of participation in a class, or if a student fails to participate in any given week.

Failure to attend class, both on ground and online, will not constitute withdrawal. Tuition will not be refunded and grades will be recorded as "F" for a student who stops attending class without going through the formal withdrawal process.

RESIDENCE REQUIREMENT

At least 50% of the hours required by any ministries degree program must be earned in residence. Students with a baccalaureate degree or higher enrolling in the Christian Counseling major must complete 25% of the required hours for that major in residence. A minimum of 75% of non-degree programs must be completed in residence for the granting of a diploma from NBC. Residency is defined as classes taken at NBC either at the campus in Colorado Springs or through the Online program.

REPEAT COURSES

Students may repeat courses. When courses are taken more than once, only the highest grade is included in the calculation of the grade point average.

GRADING

Numerical values (Grade Points) are assigned to letter grades and recorded on the student's transcript as follows: A = 4.0, A- = 3.7, B+ = 3.3, B = 3.0, B- = 2.7, C+ = 2.3, C = 2.0, C- = 1.7, D+ = 1.3, D = 1.0, D- = 0.7, F = 0. "W" (withdraw) and "I" (incomplete) are not included in the calculation of grade point averages.

REGISTRATION

The registrar will instruct all students in registration procedures. Students will be assigned a faculty advisor to help plan course work and provide encouragement. Any changes in registration, including schedule changes in day or night classes, must be made through the registrar's office. The last day to add a class is one week after that class first meets. A \$15 fee will be assessed for late registration.

Online classes may not be added after the third day of Online classes.

NON-DISCRIMINATORY POLICY

Nazarene Bible College subscribes to the principles and laws of the State of Colorado and the federal government pertaining to civil rights and equal opportunity, including Title IX of the 1972 Amendment Act. Nazarene Bible College policy prohibits discrimination on the basis of race, sex, religion, age, color, national or ethnic origin, marital status, or handicap in recruitment and admission of students, scholarship and loan programs, and in the operation of all college-administered programs, activities, and services. Evidence of practices inconsistent with this policy should be reported to the president of the college.

NEW STUDENT TESTS

New students are required to take standardized placement tests in English usage and Reading Skills. In addition, a Bible knowledge and content test is administered as a base-line for assessment of subsequent learning.

An intensive personality and self-concept inventory is given to all entering students. This test is scored, evaluated, and shared individually with students for affirmation. The results of these tests are used for placement, counseling, and individual assessment purposes only.

CUSTOMIZED STUDIES

A course may be taken by directed study when schedule conflicts and/or other circumstances prevent the student from taking the course during the scheduled class time. Course requirements for directed studies will be equivalent to those of the regular course plus time normally required outside the classroom. An independent study related to a student's needs, interest, and anticipated ministry may be undertaken by qualified students with the approval of the vice president for academic affairs and a supervisory faculty member. No more than one such customized studies will be allowed in an associate of arts degree program and no more than three in a baccalaureate degree program. Requests must be approved by the academic council or vice president for academic affairs. For approved customized studies, there will be an additional fee of one-half the regular tuition rate.

EXAMINATION, MILITARY, AND PORTFOLIO CREDIT

Credit may be awarded for learning demonstrated by examination for subjects appropriate to the curricula of the NBC programs. The academic council may approve national standardized examination programs, such as the College Level Examination Program (CLEP).

Credit for learning demonstrated by departmental examinations may be approved by the academic council. The department will determine whether the student's examination results merit the awarding of credit.

Credit may be awarded for military education and training programs for subjects appropriate to the curricula of the NBC programs. Evaluation will be based on the recommendations of the American Council of Education *Guide to the Evaluation of Educational Experiences in the Armed Services*.

Credit may be awarded for college-level studies validated by evaluation of a Student Academic Portfolio. Such a portfolio is typically used to substantiate the transferability of work done at non-accredited institutions. For credit to be awarded through a Student Academic Portfolio, a student should present his/her portfolio for evaluation at the time of his/her application to the college. Credit may be awarded after one trimester of successful enrollment at Nazarene Bible College. An evaluation and posting fee will be charged for credit posted to the college transcript.

A maximum of 72 credit hours may be posted from a student's academic portfolio completed at a District Training Center, otherwise, the maximum number of hours which may be awarded for examination, military, and portfolio credit in any baccalaureate degree program is 24 semester hours. The maximum in any two-year associate degree program is 12 semester hours.

There will be a fee for posting examination, military, and portfolio credit on the college transcript.

For more information, contact the registrar's office.

VETERANS ADMINISTRATION REQUIREMENTS

To maintain certification for Veterans Administration benefits, a student must earn a grade point average of 2.0 or better. Failure to do so will result in VA benefit probation the following trimester. If the student does not meet minimum requirements during this probationary trimester, it will result in the loss of certification for VA benefits.

A student may receive benefits for repeating a course if that course is required in the program of study. The law prohibits payment of benefits for courses not included in a student's program of study or courses from which the student withdraws. Payment of tuition and fees is allowed for courses taken by directed study.

PROFICIENCY IN ENGLISH

Proficient use of the English language is essential for ministers in English-speaking assignments; therefore, Nazarene Bible College requires two courses in English. An English proficiency examination is used for placement. Students whose proficiency examination scores suggest a deficiency must begin their English sequence with Basic English Skills. This is a non-credit course which covers the essential elements of punctuation, usage, grammar and sentence structure. Tuition for Basic English Skills is the same as any other three (3) credit hour course. Successful completion will enable a student to take English Composition I for credit.

Transfer credit may be accepted for English requirements subject to satisfactory scores on the English proficiency examination. No English credit will be accepted for students with proficiency scores below English department standards.

Students entering Nazarene Bible College who have already earned a baccalaureate or higher degree at an accredited institution are not required to complete the English testing requirement. Transfer credit for English Composition will be accepted under normal NBC transfer policies.

Any student who has not graduated from an English-speaking high school is required to pass the Test of English as Foreign Language (TOEFL) with a score of

at least 500. This test is given in most world population centers. A student at Nazarene Bible College must show a proficiency in understanding and using correct English to be able to satisfactorily complete the basic curriculum in English.

STUDENT COURSE LOAD

A full course load is 8 to 12 hours per trimester. A student desiring to take more than 12 hours must have at least a 3.5 grade point average for two consecutive trimesters and obtain the approval of the vice president for academic affairs. The college reserves the right to limit a student's course load when outside employment becomes excessive. All students are required to report their employment workload each trimester.

CLASS SCHEDULES

Nazarene Bible College offers both day and night classes. Day classes are scheduled Monday through Thursday, 8:00 a.m. - 12:10 p.m. Evening classes are scheduled Monday through Thursday, 6:00 p.m. - 10:10 p.m. Chapels are held every Tuesday and Wednesday. Morning chapel begins at 9:35 a.m. and evening chapel at 7:35 p.m.

INCOMPLETE WORK

Incomplete "I" indicates unfinished work at the end of a trimester due to extenuating circumstances. A student must request the "I" from the professor, justifying the reason for that request. When granted, "I" grades must be removed during the following trimester or the grade automatically becomes an "F." An incomplete incurred during the spring trimester must be removed by the beginning of the fall trimester.

Online Classes - an incomplete may only be given if the professor believes the missing work does not require the interaction of other students in the class.

WITHDRAWAL POLICY

A student wanting to withdraw from a course should consult his/her faculty advisor. Withdrawal forms, which may be obtained at the registrar's office, are not official until they are signed by the advisor, the financial aid office, and the business office and submitted to the registrar's office. When the withdrawal becomes official, a "W" will be assigned to the course(s) and the tuition refund, if any, will be credited. Any student desiring to completely withdraw for the trimester must secure the appropriate form from the registrar's office and have it approved by the vice president for academic affairs.

Official withdrawal is only permitted prior to the 7th week of class for on-campus students and prior to the 4th week for Online students. A student may not withdraw after this point and will receive a grade of "F" for the class if he/she fails to attend.

Failure to attend classes will not constitute withdrawal. Tuition will not be refunded, and grades will be recorded as "F" for a student who stops attending class without going through the formal withdrawal process.

An Online student desiring to withdraw from a course should contact his/her Online advisor. That office will process the withdrawal and will confirm the withdrawal with the Online student, at which point the withdrawal becomes official.

ACADEMIC HONORS

Academic honors are announced by the vice president for academic affairs each trimester. Honor students must carry at least 8 hours per trimester and achieve the following grade point average: Dean's List - 3.70 to 4.00; Honor Roll - 3.30 to 3.69.

ACADEMIC PROBATION

A student whose grade point average falls below "C" (2.0) for a trimester will be placed on academic probation. The vice president for academic affairs will provide counseling to improve the quality of the student's work. **A student whose grade point average falls below "C" (2.0) for three consecutive trimesters will be placed on academic suspension and will be ineligible to enroll the next trimester.** Readmission requires that a signed request be submitted to the academic council. A student on academic probation is not permitted to hold student office.

CLASSIFICATION OF STUDENTS

- A freshman is a student who has met admission requirements.
- A sophomore is a student who has completed 32-63 semester hours.
- A junior is a student who has completed 64-95 semester hours.
- A senior is a student who has completed at least 96+ semester hours.

A student is considered full time when enrolled for 8 or more semester hours. A student taking less than 8 hours is not eligible to hold student office without special permission from the administration.

AUDITING

A student who does not wish to receive college credit for a course may register to audit the course. No class assignments are required for an auditing student. The tuition fee is one-half the regular tuition for that course.

INTERVENTIONS FOR SUCCESS

A student is required to participate in three interventions to improve the likelihood of success as a student and in ministry: NBC Experience, Ministry Progress Review Interview, and Graduating Colloquium.

NBC Experience is an orientation to the NBC culture. It is required during the first fall trimester of enrollment. The purpose of this course is to integrate new students and their families into the life of the college, to initiate spiritual formation principles and activities, to help students and advisors bond, to enrich marriages and prepare for college stress, and to assist singles in their challenges.

Ministry Progress Review Interviews are conducted during the winter trimester of the sophomore year. Progress in the preparation for ministry is reviewed. Faculty interview teams provide advice, correction, and encouragement in this intervention.

Graduating Colloquium is an integrating course required during the year of graduation. As part of the colloquium, a student again meets with a faculty interview team to review the educational experience and receive the counsel and encouragement of the faculty as he/she prepares to accept a first ministry assignment. Institutional tests to assess the effectiveness of NBC educational programs will be included in this intervention.

GRADUATION

Students are responsible for seeing that their records are complete and that all of the requirements for graduation have been met.

It is possible to graduate provisionally if no more than six credit hours remain to be completed for the associate of arts degree, or if no more than eight credit hours for the baccalaureate degree, and if the student makes a commitment to complete those hours with an approved plan. The degree will not be granted until all graduation requirements are met. Graduating students are expected to attend all graduation exercises.

TRANSCRIPTS

The initial transcript will be issued without charge. A fee of \$5 is charged for each additional transcript. Official transcripts are released only if all financial obligations are satisfied and the student has signed a written request authorizing the release of the transcript.

SUMMER SCHOOL

On campus one five-week summer session is offered in June and July during which six credit hours may be earned. Because courses are accelerated and class periods lengthened, students are advised not to enroll for more than 6 hours in the five week period. Summer school courses may be canceled when enrollment is insufficient to cover institutional costs. Online summer session is six weeks.

GENERAL EDUCATION

Nazarene Bible College is an undergraduate, professional school of ministry. Therefore, programs concentrate especially on preparation for ministry. However, each degree program also recognizes the importance of breadth in the educational experience and requires courses of a more general nature.

The associate of arts degree programs require specific general education courses in English, history, communication, and psychology. In addition to these requirements, the baccalaureate degree programs require courses in sociology and ethics and offer students the opportunity to select, or transfer in, courses from a broader cluster of general education fields.

This cluster of general education courses may include Interpersonal Communication, Intercultural Communication, Hebrew I, II, III, New Testament Greek I, II, III, Marriage and Family, Leadership, Critical Thinking, and selected counseling courses, when these courses are not designated as a required course for a specific degree. In addition, designated independent study and seminars in advanced applications may be acceptable elective general studies credits.

Many of the students at Nazarene Bible College come with prior education. The college recognizes the strength of the prior experience and schooling and intends to build on it. Transfer credit for the general education cluster is encouraged in areas that would enhance ministerial preparation. The policy for general studies cluster transfer credit may be obtained from the registrar.

CATALOG CHANGES

Nazarene Bible College reserves the right to make necessary changes in curriculum, policies, or fees. For current curricula information, please refer to class schedules issued at the beginning of each trimester.

COURSE NUMBERING SYSTEM

Nazarene Bible College uses a closely structured schedule of courses that most students will follow. The course numbering system may inform decisions about elective courses and help in the interpretation of transcripts. Course numbers include a three-letter prefix which identifies the subject field and a four-digit number which indicates the level, sequence, and credit hours of the course. The first digit indicates the level of the course. Courses in the 1000 range are generally entry level courses most often taken during the freshman year; 2000 courses are normally sophomore level; 3000 courses are usually junior level; and 4000 courses are the most advanced courses offered, usually reserved for juniors and seniors. The second and third digits distinguish between courses within a subject field and generally suggest the sequence in which courses in that field would be taken. The fourth digit indicates the number of credit hours for the course.

FINANCIAL AID

Federal aid includes the Pell Grant, Supplemental Educational Opportunity Grant (SEOG), Work-Study, as well as the Perkins Loan and Stafford Loan programs, which provide long-term, low interest loans. In addition, there is a limited amount of institutional aid through the college. An individual student's financial aid package may be comprised of one or more of these types of aid. Applications for all forms of financial aid are available in the financial aid office. Consumer information related to the financial aid programs of Nazarene Bible College, its policies and procedures, and student eligibility may be obtained by contacting the director of financial aid.

Generally, financial aid is tailored to help meet the needs of the student, but both the student and the college must recognize that the primary responsibility for paying college expenses rests with the student.

Eligibility for the various types of aid is determined by analyzing the information provided on the student financial aid application. The student may apply for one or more types of aid depending upon qualifications and the funds available. The student must be enrolled for at least four hours and be in good academic standing to be eligible for federal aid. However, the student may, in certain cases, be eligible for a Federal Pell Grant for enrollment of less than four hours. Students must be enrolled in at least four credit hours to receive institutional aid and loans. All financial aid is disbursed by crediting one-third of the total award to the student's account each trimester.

A student must reapply each year for federal aid and institutional aid. The director of financial aid is responsible for the administration of all financial aid funds.

Federal Financial Aid is available to Online students. Qualifications for such aid should be discussed with a financial aid officer or an admissions officer.

Limitation

A student not officially pursuing a degree or certificate is not eligible for federal aid. A student not finally accepted to the college is not eligible for financial aid.

Forfeiture

A student placed on probation because of disciplinary or academic reasons may forfeit all rights to financial assistance. If a student drops below four hours, institutional aid is forfeited at the rate of refund listed in Policy on Refunds section.

EXTENSION EDUCATION

PHILOSOPHY

The Extension Education program of Nazarene Bible College is the college extending itself across the United States, preparing men and women for ministry in their own communities. The program was developed as a response to an urgent need for trained ministers to plant and lead multicultural and multi-language churches located mainly in urban settings. To meet this concern, denominational leaders, including the Board of General Superintendents, the Church Growth Division at Nazarene Headquarters, and several district superintendents requested that Nazarene Bible College develop a contextual educational program to train multicultural ministerial students who could not attend a traditional college. This innovative program now has expanded to include Anglo adults in classroom learning opportunities.

RELATIONSHIP

The Board of General Superintendents designated Nazarene Bible College as the Educational Training Center for adult ethnic persons, and Nazarene Bible College began the extension center program focusing on multicultural people preparing for ministry. The program, which began in 1983, has now expanded to many areas of the country and serves both ministerial students and laypersons of the church.

The Nazarene Bible College Extension Education program cooperates in the *Alliance for Ministry Development* which provides classroom education for students in their cultural context. The curriculum follows that of NBC with the provision that certain alternative courses may be designed to meet specific cultural needs. The *Alliance for Ministry Development* is comprised of the various district training centers of the Church of the Nazarene and Nazarene Bible College.

All academic policy of NBC is set under the authority of the Nazarene Bible College Board of Trustees with the consultation of the vice president for academic affairs and extension education. Specific academic policies and procedures, including those affecting the extension education program, are approved by the NBC Academic Council under the chairmanship and leadership of the vice president for academic affairs and extension education.

District training centers are operated by districts in the Church of the Nazarene. Although Nazarene Bible College has no legal or accreditation connection with district training centers, it acts in consultation with these centers in areas of academic excellence and good practice, curricular development, and faculty qualification and development. Each district training center has a board to direct its operation, fund the training center, and make recommendations to the NBC Extension

Education office. Each training center board elects a director who has responsibility for daily operations. The NBC administrative responsibility for the Extension Education program rests with the NBC vice president for academic affairs and extension education who represents the administration of NBC and serves as a consultant to district training centers.

FACULTY

District training centers have responsibility for their own teachers, although, center directors work in consultation with NBC regarding teacher qualification and development. As a normal rule of the *Alliance for Ministry Development*, the district training centers are expected to qualify their teachers on the same basis as NBC.
